

9 Inch Ceramic Deep Dish Alu-Steel Rectangular Toaster Oven Heavy Detroit Style Pizza Deeper Pan

Picture Show:

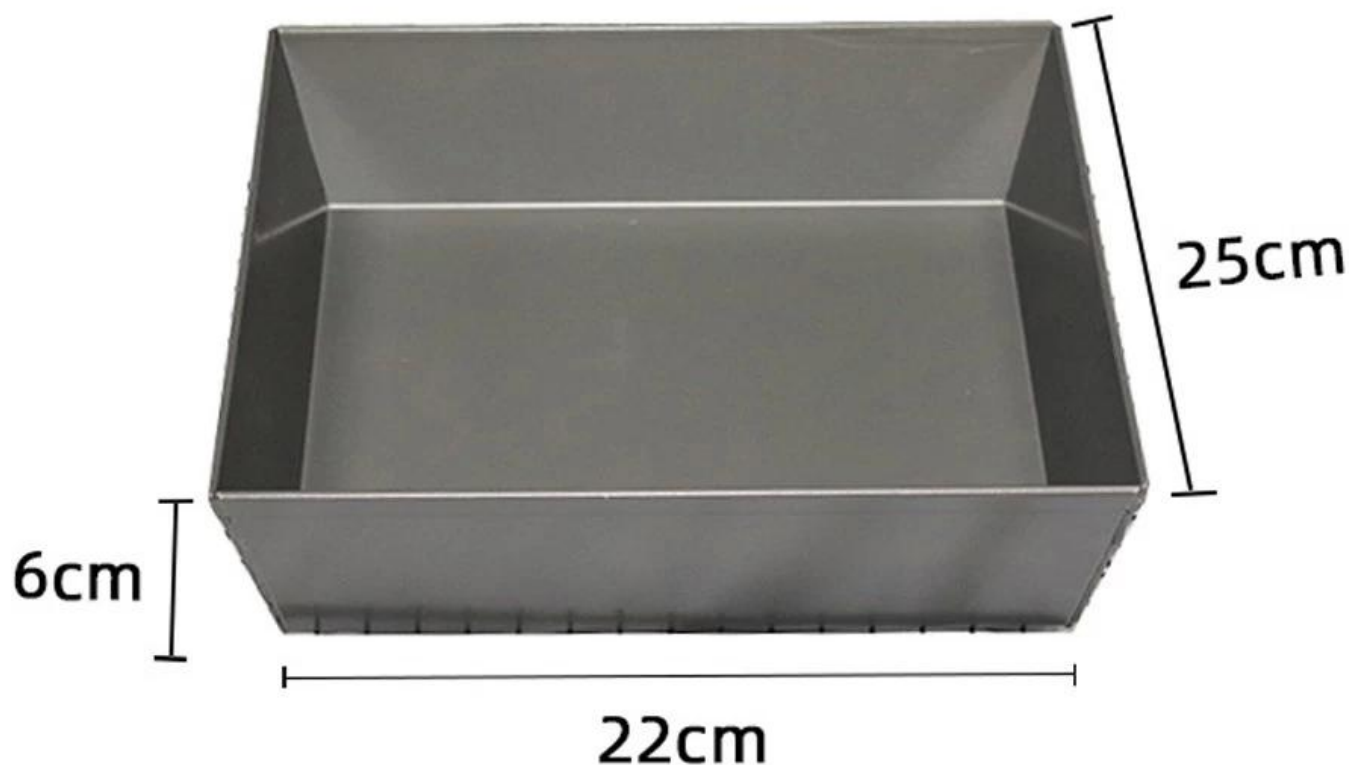

This is customized products for pizza tools, below pictures just for your reference, you can choose any pizza tools or baking tools as you need, please kindly advise the details so we can quote the accurate price, thank you very much.

Aluminum Pizza Turning Peel Round

1). Advance design allows experienced cooks and novices alike to get the pizza in and out of the oven with ease. No more worries about it sticking to the metal paddle or the pizza stone, or falling of the sides!

2). Unlike traditional metal or wooden spatula, there is no need for excessive flour, since special divots on nano-ceramic surface are designed to help release raw dough onto stone (IMPORTANT: for best results, watch the online tutorial video).

Wooden Handle Lamé Bread Knife

- 1).Unique design: the long wooden handle design is easy to use and the wider handle surface provides a better grip experience and safe use.
- 2). Interchangeable blades: the bread knife package is equipped with 3 easily replaceable stainless steel blades. Insert the blade into the iron clip and tighten the 2 screws with a screwdriver. Be careful when replacing and do not hurt your hands.

Mini Cheesecake Molds

- 1).Uniform Heat Supply: This aluminum alloy cheese mold uses an integrated design with a uniform thickness, so that your cheese is heated more evenly.
- 2).Smooth & Beautiful: This cheese mold is simple in shape, seamless and seamless, and the baked semi-cooked cheese is smooth and beautiful.
